

Heed The Warning

Colossians 2:16-23

Warning Against Ritualism

Ritualism is going through the motions of religious activity but it does not change the heart.

Warning Against Mysticism

Mysticism looks for truth internally, weighing feelings and intuition more heavily than the Word Of God.

When we start looking to vision and revelations we are going away from our source of spiritual strength and growth.

Warning Against Self-Denial

Self-denial is an attempt to gain righteousness.

At salvation, the Lord Jesus forgives us of all our sin and gives us His righteousness and purity.
